Hearing and Vision Screening

Hearing and vision screenings are an annual free service provided by the Skokie Health Department for all children who are 3 years old by 3/19/19.

Students of the Month:

Desiree is our March student of the month. She is very friendly, outgoing and a great friend to her fellow students. Desiree is always eager to participate in daily group activities. She loves to explore and is very curious about everything. She is always learning! Ever since Desiree has been in the Adventurer classroom she has thrived. Congratulations are in order!

Noah brings a lot of energy and excitement into the Navigators room. He never hesitates to help his teachers and is always a gentleman when opening the door for others. He is always eager to learn new things. Some of his favorite activities to do are building with Magna tiles, puzzles, and singing Old MacDonald Had a Farm.

Royce is our Student of the Month! He has shown such motivation to learn, always working hard on learning his letters and writing his name. He is a good friend and works to problem solve with his peers. We are proud of Royce!

Ethan D. is our Student of the Month for March. Although soft spoken and one who sometimes prefers to play independently, Ethan is empathetic to his peers. You can find him asking a frowning or crying friend, "What's wrong?". One of his interests is running! He loves to run laps around the playground and go without stopping for at least five minutes straight!
